Subject: RE: Request for Information - Land Services Company (Docket FAA-2021-0470) - response required by December 17, 2021

Land Services Company
c/o Kelly Neubecker, CEO
UASolutions Group, LLC
1008 Daisy Lane
Rockledge, FL 32955

Dear Mrs. Neubecker:

This letter is to inform you that the following information is missing from your petition dated November 3, 2021, on behalf of Land Services Company (Docket No. FAA-2021-0470). This information is necessary for the Federal Aviation Administration (FAA) to process your petition.

1. In addition to your request to add the DJI Agras T30 to Exemption No. 18908, you requested relief similar to that granted to DroneXum, LLC (Exemption No. 18413A) and to DroneSeed, Co. (Exemption No. 17936). While adding the T30 and granting relief for UAS operations less than 500 feet from vehicles is possible based on Exemption 18413A alone, combining the relief granted in Exemption Nos. 18413A and 17936 would be a new, precedent-setting request. Please confirm your understanding of the this, and whether Land Services Company affirms their request(s) or wishes to amend the petition.

What You Need To Do:

If you want the FAA to process your request further, you must send the information described above by December 17, 2021, before 11:59 PM ET. We will consider your petition request open during this period.

Please submit additional information (non-proprietary) as a comment to your docket at www.regulations.gov, and save the tracking number generated after submission. Proprietary information may be submitted electronically to Nick DeLotell at nicholas.delotell@faa.gov and Sean O'Tormey at sean.p.o'tormey@faa.gov.

If the FAA Does Not Receive the Requested Information From You:

If the FAA does not receive the requested information from you by the date indicated above, the FAA will take no further action on this petition and will close the matter without notifying you further. If you have any questions or require additional time, you may call 202-710-1163.

Sincerely,

NICK
